1.0 AIMS

1.1 Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

1.2 Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

1.3 We aim to be central to our culturally diverse community, striving for excellence, enabling our children to achieve their highest creative, social, emotional and academic potential.

1.4 Our academy encourages exploration and creativity through an inspiring, broad and balanced, engaging curriculum where learning is at the heart of all that we do. Our children learn to become resilient and self-assured in a risk-taking environment where they thrive on and learn from the challenges they face.

1.5 Our school aims to treat all its students fairly and with respect. This involves providing access and opportunities for all students without discrimination of any kind. At Hampton Vale Primary Academy we are committed to ensuring equal treatment of all our students, parents/carers, employees and all others involved in the school community, who may have any form of disability. We will endeavour to ensure that disabled young people and adults are not treated less favourably in any procedures, practices or service delivery. Our school will not tolerate harassment of young people or adults with any form of impairment; this also includes students who are carers of any disabled family member.

1.6 The plan will be made available online on the school website, and paper copies are available upon request.

1.7 Our Academy is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

1.8 The Academy supports any available partnerships to develop and implement the plan.

1.9 The Trust complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in the Academy, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including:

- Amy Wright - Inclusion Lead
- Bethany Lartey - SENCo
- Ian Taylor - Site Officer

2.0 LEGISLATION and GUIDANCE

2.1 This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

2.2 The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

2.3 Under the Special Educational Needs and Disability (SEND) Code of Practice (2015), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory

impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

2.4 Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

2.5 This policy complies with our funding agreement and articles of association.
